

BIO – Dr. Anthony “The Mighty Gabby” Carter

Social activist, entertainer, actor, guitarist, singer, song writer and kaisonian extraordinaire, Dr. Anthony “The Mighty Gabby” Carter at today’s count, leaves a legacy of more than 1,500 songs. If that weren’t enough, this prolific artist has written 1,447 poems. And yes, Gabby’s working on a multi volume collection of poetry, so his presence here is quite timely.

The impressive discography of mainly folk and calypso tunes for this Bajan iconic son of the soil includes “Emmerton”, “Mr. Harding”, “Wuk Up”, “Riots In The Land”, “Dr. Cassandra” and “Jack”. His life is immortalized in Barbara Chase’s biography [“Who Gabby Think He Is?: The Story Of The Mighty Gabby”](#).

Emmerton-bred and internationally acclaimed, the multi Calypso Crown winner’s big - hearted practice of giving back to schools in his homeland Barbados, assures not just the longevity of our calypso artform, but the quality.

Our beloved Gabby has graciously consented to offer a presentation entitled, **“Lyrics Like Peas: Transforming Poetry To Songs”**.
